Online Bank Drafts:

For those of you who use online banking to pay your utilities, please keep in mind when you do this, the bank drafts a paper check at a processing center and then mails it to us. We have to apply payments according to the date we receive them in the mail, and not the date on the check. If we have not received the payment in the mail by the due date, (typically the 20th of the month) late fees will be applicable. Please be sure you allow enough time for your bank to issue and mail the check in order to avoid the extra fees.

Office Closings:

While Shari has been recovering from a major surgery, Carla has had to close the office the last couple of weeks from time to time in order to read meters, do meter rechecks, and deliver disconnect letters. There may still be some days in the upcoming months in which we will have to close the office while Shari continues to improve. We very much appreciate your patience and understanding.

Pet Tags:

Don't forget to bring your fur babies in to visit and get registered or re-registered.

There have been quite a few unregistered dogs running loose the last few weeks. If they aren't registered, we have a hard time helping them find their way back home.

Golf Cart Tags:

It looks like the warmer weather might finally be here to stay. The 2018 Golf Cart Tags are in the office.

Please remember to follow all applicable traffic laws regarding golf carts!
