**Hydrant Flushing:**

**Bill Payment & Assistance:**

Many of us have been through some kind of financial difficulty at some point. We completely understand, and support, the need to seek assistance in paying your utility bill. We keep a list in the office of the most likely places that can offer you assistance. With that in mind, please do not wait until shut-off day to try and find help paying your bill. If you wait that long we cannot

guarantee that you will avoid interruption of service.

**Billing Issues/Concerns:**

If there is a billing issue/concern, please do not call the emergency phone. They have no access to your account information/billing history and will just direct you to call the office.

If it is after hours and you do not want to leave a phone message, you can send an email to either of us in the office. The

addresses are always located at the bottom of the newsletter. We check and answer our email and phone messages first thing every day. Please do not use social media for this purpose. We cannot address work related issues that we receive via this method. Also, please do not text or call our personal phones for billing concerns. We will not have access to your account information.
