Reach Alert:

The Town uses a Reach Alert notification service to get information out into the community as quickly as possible via text/email/phone call.

We use this service to send alerts about road closures, scheduled power/water outages, safety concerns, emergency situations, or any other information we may need to get out quickly.

We can also use this system in place of taping notices to doors; rather it is for a boil order or a disconnect notice. Please contact the office for more information or if you need help signing up.

Did you know?:

The calendar on the website shows when late fees will be applied as well as when service disconnections will occur for non-payment each month.
