Recycle Bin:

It has been brought to our attention that the guidelines posted on the recycling bin are not being followed. The bin is NOT for household trash.

The last several weeks there have been bags of items all over the ground around the bin when it has been picked up. This is causing the driver delays since he has to clean up the mess before he can complete the pick-up.

Please review and follow the guidelines that are posted on the bin. We do not want them to decide to remove the bin if it becomes too much of a hassle.
